MEDICAL DEVICES - QUALITY MANAGEMENT SYSTEMS

About this Course

This engaging online course has been designed to provide an in-depth understanding of ISO 13485:2016. On completion of this training, participants will be able to apply their knowledge to the development of ISO 13485:2016-compliant quality management systems and help maintain ongoing certification for their organisation. Explore the requirements of ISO 13485:2016 and how the Standard interacts with ISO 9001:2015, and the Regulations.

Who is the course suited to?

This is a professionally developed, interactive and engaging online course essential for anyone working within clinical research. It is suitable for all levels of experience.

Course Contents

Module 1

Introduction to ISO 13485:2016
