

# Informed Consent

Training  
Online 4U

## About This Course:

This course will enable participants to have a demonstrable understanding of the background and practical implications of the valid informed consent process. The knowledge and understanding gained, coupled with practical examples, is intended to give participants the confidence to take a proactive role in the consent process back in the workplace.

## Who is the course suited to?

This is a professionally developed, interactive and engaging online course essential for anyone working within clinical research and involved in the informed consent process.

### Course Contents:

- Course Summary
- Introduction to Informed Consent
- What is Informed Consent?

- The Five Steps of the Informed Consent Process
- Informed Consent Form and Patient Information Sheet

- Challenges to the Informed Consent Process
- Informed Consent Summary and Exam

**Price:** £49 inc. VAT (discount available for 6 or more users).

**Duration:** Approx. 1 -2 hours

As with all of our courses, you are able to take this in your own time, on any device and are able to pause and restart from the place you left off. Time taken will vary depending on your experience and how many of the optional links you choose to view.
